THE MAFIA KILLS ONLY IN SUMMER tells the story of growing up and falling in love in the Mafia-ridden city of Palermo. Seen through the eyes of Arturo, a child brought up in a fascinating yet terrifying city, the story spans 20 years of a life filled with passion and laughter.

THE MAFIA KILLS ONLY IN SUMMER is the love story of Arturo trying to win the heart of his middle school classmate Flora. This portrait of the Italian Mafia is unique. It mocks its bosses and shines a light on the humanity of the heroes who were brave enough to defy and fight against the organization. Real events that took place in Sicily between the 1970s and the 1990s are the setting of this charming and funny story.
