Ron "Stray Dog" Hall lives in Southern Missouri where he owns and operates an RV park. After years of living alone with his dogs, he is adjusting to life with his wife, Alicia, who is newly arrived from Mexico. Anchored by his small dogs and big bikes, Stray Dog seeks to strike a balance between his commitment to his family, neighbors, biker brotherhood, and fellow veterans. As part of the legacy of fighting in the Vietnam War, he wrestles with the everlasting puzzle of conscience, remorse, and forgiveness.

Stray Dog continues to tally the cost of war, bearing witness to the soldiers coming home from Iraq and Afghanistan: both the dead and the living. The questions of contemporary American life loom larger and thornier, leaving us to wonder what is next for Stray Dog and his blended, multi-ethnic family.
